**The Werewolf Murders (The Niccolo Benedetti Mysteries Book 2) William L. DeAndrea**  
**Master detective Niccolo Benedetti hunts down a killer in the French Alps**

Niccolo Benedetti is many things: a professor, philosopher, painter, charmer, and a sterling, world-class detective, too. For Benedetti, a murder is not just a crime, but also a means of dissecting the nature of evil. It's a problem demanding as much art as it does science.

In this second installment in the Benedetti series, the detective travels to a ski resort in the French Alps, where a conference of international scientists is rocked by a series of killings. To make matters worse the prefect of police is also targeted, endangering the whole future of the conference, and the scientists claim that the perpetrator is nothing less than an honest-to-God, full moon-intoxicated werewolf. Together with sidekicks Ron Gentry and Janet Higgins, Benedetti will have to dive headfirst into this supposedly supernatural case.
