In the Revelation of St. John, spiritual worlds and spiritual entities appear both in images of the sensory world and in images of the mineral realm. This book discusses these two sides of world manifestation. This book juxtaposes the objects of sensory appearance and natural-scientific research with sayings from the Revelation of St. John to express the joint background of the appearances. When we connect one with the other, it can lead to an encounter with the essence. This is an “esoteric mineralogy.”
