Stephen E. Ambrose

D-Day Illustrated Edition: June 6, 1944: The Climactic Battle of World War II Stephen E. Ambrose
Now illustrated with an extraordinary collection of over 125 photos, Stephen E. Ambrose's *D-Day* is the definitive history of World War II's most pivotal battle, June 6, 1944, the day that changed the course of history.

D-Day is the epic story of men at the most demanding moment of their lives, when the horrors, complexities, and triumphs of life are laid bare. Distinguished historian Stephen E. Ambrose portrays the faces of courage and heroism, fear and determination—what Eisenhower called “the fury of an aroused democracy”—that shaped the victory of the citizen soldiers whom Hitler had disparaged.

Drawing on more than 1,400 interviews with American, British, Canadian, French, and German veterans, Ambrose reveals how the original plans for the invasion had to be abandoned, and how enlisted men and junior officers acted on their own initiative when they realized that nothing was as they were told it would be.

The action begins at midnight, June 5/6, when the first British and American airborne troops jumped into France. It ends at midnight, June 6/7. Focusing on those pivotal twenty-four hours, the book moves from the level of Supreme Commander to that of a French child, from General Omar Bradley to an American paratrooper, from Field Marshal Montgomery to a German sergeant. Ambrose's *D-Day* is the most honored account of one of our history's most important days.
