Guida pratica alla contabilità informatizzata (Italian Edition) Andrea Macario

Questo manuale intende fornire un'introduzione pratica e realistica alla gestione contabile in azienda.

La guida non si soffermerà a mere esemplificazioni di partita doppia tenuta a mano, ma cercherà di mostrare ai lettori la contabilità anche dal punto di vista dei software gestionali.

Si accosteranno esempi di scritture contabili in tabelle a screenshot del software gestionale e si spiegheranno i meccanismi necessari ad ottenere determinati risultati.

L'utilizzo di questi programmi ha semplificato di molto il lavoro dei contabili, ma, al contempo, una poca dimestichezza con questi moderni strumenti, che, se scelti male, possono risultare incompleti o non intuitivi o privi di tutorial, può rendere la vita molto complicata agli operatori.

Cercheremo, inoltre, di riportare alcuni "escamotage" ed alcune semplificazioni permesse dai programmi professionali.

Il software che utilizzeremo è WinCoge2, una versione di WinCoge studiata appositamente per la contabilità.

From reader reviews:

Flora Young:

This Guida pratica alla contabilità informatizzata (Italian Edition) book is simply not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is actually information inside this book incredible fresh, you will get details which is getting deeper you actually read a lot of information you will get. This specific Guida pratica alla contabilità informatizzata (Italian Edition) without we realize teach the one who reading through it become critical in contemplating and analyzing. Don't become worry Guida pratica alla contabilità informatizzata (Italian Edition) can bring if you are and not make your case space or bookshelves' turn into full because you can have it in the lovely laptop even telephone. This Guida pratica alla contabilità informatizzata (Italian Edition) having very good arrangement in word in addition to layout, so you will not really feel uninterested in reading.

Julie Ross:

People live in this new day of lifestyle always try and must have the free time or they will get large amount of stress from both everyday life and work. So , once we ask do people have extra time, we will say absolutely yes. People is human not really a huge robot. Then we consult again, what kind of activity do you have when the spare time coming to an individual of course your answer will unlimited right. Then ever try this one, reading books. It can be your alternative inside spending your spare time, often the book you have read is Guida pratica alla contabilità informatizzata (Italian Edition).

Lester Magno:

Your reading sixth sense will not betray an individual, why because this Guida pratica alla contabilità informatizzata (Italian Edition) e-book written by well-known writer who knows well how to make book that may be understand by anyone who have read the book. Written throughout good manner for you, leaking every ideas and creating skill only for eliminate your own personal hunger then you still question Guida pratica alla contabilità informatizzata (Italian Edition) as good book not only by the cover but also by the content. This is one reserve that can break don't evaluate book by its protect, so do you still needing a different sixth sense to pick this particular!? Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Harvey Lee:

In this time globalization it is important to someone to obtain information. The information will make anyone to understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of references to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher that print many kinds of book. The actual book that recommended to you is Guida pratica alla contabilità informatizzata (Italian Edition) this book consist a lot of the information with the condition of this world now. This particular book was represented how can the world has grown up.

The language styles that writer require to explain it is easy to understand. Often the writer made some investigation when he makes this book. Honestly, that is why this book suited all of you.
