## Time After Time Tamara Ireland Stone

Calling Anna and Bennett's romance long distance is an understatement: she's from 1995 Chicago and he's a time traveler from 2012 San Francisco. The two of them never should have met, but they did. They fell in love, even though they knew they shouldn't. And they found a way to stay together, against all odds. It's not a perfect arrangement, though, with Bennett unable to stay in the past for more than brief visits, skipping out on big chunks of his present in order to be with Anna in hers.

They each are confident that they'll find a way to make things work...until Bennett witnesses a single event he never should have seen (and certainly never expected to). Will the decisions he makes from that point on cement a future he doesn't want?

Told from Bennett's point of view, *Time After Time* will satisfy readers looking for a fresh, exciting, and beautifully-written love story, both those who are eager to find out what's next for *Time Between Us*'s *Anna and Bennett* and those discovering their story for the first time.
