Exposed, Uncovered, and Declassified: Lost Civilizations & Secrets of the Past

Kirsten Dalley

Exposed, Uncovered, and Declassified: Lost Civilizations & Secrets of the Past Kirsten Dalley

Were Atlantis and Lemuria factual places? Who built the pyramids and for what purpose? How advanced was the technology of ancient cultures? All this and more is covered in *Exposed, Uncovered, & Declassified: Lost Civilizations & Secrets of the Past*—the latest in the all-original series that is already sparking lively debate. Erich von Daniken, best-selling author of *Chariots of the Gods*, examines the Egyptian pyramids, studying their astronomical implications and what message they were meant to convey. Thomas G. Brophy, PhD, focuses on the mysterious Nabta Playa site in southern Egypt and its connection to African history. Intrepid explorer of ancient America Frank Joseph covers archeological scandals and attempts to suppress evidence, including the Smithsonian's loss of Maya skulls discovered in the Aleutian Islands. Researcher Steven Sora, author of *The Lost Colony*, delves into evidence that Scotland's Picts originated in North America and were connected to the ancient Micmac tribe of the Americas.
