How to Plan Rigorous Instruction (Mastering the Principles of Great Teaching) Robyn R. Jackson

If we want all our students to become better thinkers and learners, we must design rigorous learning experiences that go beyond helping them simply master standards.

In this guide, Robyn R. Jackson takes you step by step through the process of planning rigorous instruction what great teachers do to ensure students have a learning destination that s worth working toward and that the path they take to get there will help them pass the big tests and become engaged learners, effective problem solvers, and critical thinkers. Here, you ll learn how to

- * Create a rigorous unit assessment to guide your instruction and ensure standards mastery.
- * Select rigorous learning materials by examining the type of thinking you want students to engage in and the type of understanding you want them to acquire.
- * Choose rigorous instructional strategies by looking at ways to help students grasp new content and acquire new skills, apply what they are learning in a meaningful way, use thinking processes to synthesize new understandings, and adapt these understandings to new contexts across disciplines.
- * Create a rigorous learning unit, tailored to your standards and classroom content, and to the students you teach.

About the series

Every teacher can become a master teacher with the right kind of practice and support. Each of the how-to guides in the Mastering the Principles of Great Teaching series focuses on one of the seven mastery principles introduced in Robyn R. Jackson s best-selling *Never Work Harder Than Your Students* and *Other Principles of Great Teaching*. The guides self-assessments, worksheets, planning templates, process outlines, checklists, links to online resources, suggested activities, and prompts for reflection help teachers of all experience levels apply the principles to address everyday classroom challenges and build their overall mastery mindset.

From reader reviews:

Robert Brown:

The book How to Plan Rigorous Instruction (Mastering the Principles of Great Teaching) has a lot of knowledge on it. So when you read this book you can get a lot of gain. The book was written by the very famous author. The author makes some research prior to write this book. This particular book very easy to read you may get the point easily after reading this article book.

Leif Gibbs:

The reason? Because this How to Plan Rigorous Instruction (Mastering the Principles of Great Teaching) is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will zap you with the secret it inside. Reading this book next to it was fantastic author who also write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this anymore or you going to regret it. This book will give you a lot of rewards than the other book have got such as help improving your ability and your critical thinking way. So , still want to postpone having that book? If I were being you I will go to the publication store hurriedly.

Rosalie Cox:

Your reading 6th sense will not betray a person, why because this How to Plan Rigorous Instruction (Mastering the Principles of Great Teaching) guide written by well-known writer whose to say well how to make book that could be understand by anyone who read the book. Written inside good manner for you, dripping every ideas and publishing skill only for eliminate your own hunger then you still skepticism How to Plan Rigorous Instruction (Mastering the Principles of Great Teaching) as good book but not only by the cover but also by content. This is one guide that can break don't evaluate book by its deal with, so do you still needing another sixth sense to pick this particular!? Oh come on your reading sixth sense already told you so why you have to listening to yet another sixth sense.

Marilyn Fox:

Is it you who having spare time in that case spend it whole day simply by watching television programs or just laying on the bed? Do you need something totally new? This How to Plan Rigorous Instruction (Mastering the Principles of Great Teaching) can be the solution, oh how comes? It's a book you know. You are so out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these books have than the others?
