Images of the Past: The Fishing Industry Jon Sutherland, Diane Canwell

Working with prestigious archives of contemporary photographs, the authors chart the history of Britain's fishing heritage with 120 rarely seen photographs. Fishermen were hardy individuals with a precarious existence dictated by the changing rhythm of the wind and the waves. While at sea, their womenfolk cleaned, salted, pressed and bulked the fish. The fishermen of the East Coast are the last of the hunter gathers, in the later 19th and early 20th century British fishery expanded and exceeded its European rivals to become the biggest fishery in the world. Dwindling fish stocks after the Second World War saw the end of the fishing industry as it had been known, now the trawlers had to make the hazardous voyage to deeper waters. This book celebrates the heyday of the British fishing industry, the people, the processes and the vessels.

From reader reviews:

Christopher Sanchez:

What do you think of book? It is just for students because they are still students or the idea for all people in the world, exactly what the best subject for that? Merely you can be answered for that query above. Every person has various personality and hobby for each other. Don't to be obligated someone or something that they don't would like do that. You must know how great along with important the book Images of the Past: The Fishing Industry. All type of book could you see on many sources. You can look for the internet methods or other social media.

Dean Rakestraw:

Reading a e-book tends to be new life style in this particular era globalization. With studying you can get a lot of information that could give you benefit in your life. Having book everyone in this world may share their idea. Books can also inspire a lot of people. Plenty of author can inspire their reader with their story or even their experience. Not only the story that share in the books. But also they write about advantage about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on this planet always try to improve their talent in writing, they also doing some exploration before they write to their book. One of them is this Images of the Past: The Fishing Industry.

Nancy Hunt:

This Images of the Past: The Fishing Industry is great guide for you because the content which can be full of information for you who else always deal with world and still have to make decision every minute. This specific book reveal it information accurately using great coordinate word or we can say no rambling sentences within it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with splendid delivering sentences. Having Images of the Past: The Fishing Industry in your hand like having the world in your arm, facts in it is not ridiculous one particular. We can say that no book that offer you world in ten or fifteen second right but this book already do that. So , this can be good reading book. Hey Mr. and Mrs. active do you still doubt that?

John Coffin:

Is it you actually who having spare time subsequently spend it whole day through watching television programs or just lying on the bed? Do you need something totally new? This Images of the Past: The Fishing Industry can be the respond to, oh how comes? The new book you know. You are so out of date, spending your spare time by reading in this brand new era is common not a nerd activity. So what these guides have than the others?
