Blood and Belonging: Journeys into the New Nationalism

Michael Ignatieff

Blood and Belonging: Journeys into the New Nationalism Michael Ignatieff

Until the end of the Cold War, the politics of national identity was confined to isolated incidents of ethnic strife and civil war in distant countries. Now, with the collapse of Communist regimes across Europe and the loosening of the Cold War's clamp on East-West relations, a surge of nationalism has swept the world stage. In *Blood and Belonging*, Ignatieff makes a thorough examination of why blood ties--in places as diverse as Yugoslavia, Kurdistan, Northern Ireland, Quebec, Germany, and the former Soviet republics--may be the definitive factor in international relation today. He asks how ethnic pride turned into ethnic cleansing, whether modern citizens can lay the ghosts of a warring past, why--and whether--a people need a state of their own, and why armed struggle might be justified. *Blood and Belonging* is a profound and searching look at one of the most complex issues of our time.
