**Health Care Benchmarking and Performance Evaluation: An Assessment using Data Envelopment Analysis (DEA) (International Series in Operations Research & Management Science)** Yasar A. Ozcan

Hugely relevant in today's world of healthcare performance management, this comprehensive work applies the analytical framework of Data Envelopment Analysis methodology to provide health care administrators with specific tools for performance evaluation. Most important, the book provides health care practitioners and administrators with information of what is lacking in specific aspects of performance and then outlines the ways how these performance inadequacies can be improved.
