No, this book was written by a man who had to learn these things he shares in this book just to save his own life ! After doctors diagnosed him with chronic kidney disease, he was told he would be on dialysis or dead by 2008 or 2009. And without any help for his kidneys from the medical profession, he used himself as the guinea pig to see if he could make his kidneys better and thus, save his own life. This book tells you how he succeeded at that !

Doctors have no cures. Doctors only treat your diseases to prolong them to maximize their income.

Doctors do not study cures. So cures can only be found outside the medical profession.

But there is one Doctor in America that can help you avoid dialysis through his clinically proven drug treatments. Find out about that doctor in this book.
