My Life Memories: The Good and The Bad Deborah Kaminski

This book was first written for a contest that I entered, but now I want to share this book to the world. So many teens and adults alike have went through this or similar things in life and need to know that they are not alone and that things will get better, I promise. I just want at least one person to gain hope from this. There is mostly bad stuff in this book and a few extraordinary things that have happened that I have written about. So please read and have hope and faith that it WILL work. Even refer this book to someone or people that you may know that would learn from it, get hope from it, etc.
