**Warming the Stone Child: Myths & Stories about Abandonment and the Unmothered Child** Clarissa Pinkola Estés

On *Warming the Stone Child*, Dr. Clarissa Pinkola Estés leads us past the gates of the conscious mind to discover the unmothered child within. Along the way, this gifted storyteller and Jungian psychoanalyst instructs us about the psychology of abandonment in childhood, how it affects us in later life, and its curiously special gifts and powers. Drawing from many world cultures, Dr. Estés has gathered a collection of deep myths, fables, and fairy tales with the adult listener in mind. Her storytelling creates a compelling picture of the orphan figure through the ages, while helping us understand the meaning of preadolescent abandonment in our own lives. Spiced with wonderful storytelling, *Warming The Stone Child* is a unique listening experience with a practical edge. Highlights: Inuit fable of the Stone Child; symptoms of the adult "abandoned child"; the story of the Little Red Cap; English tale of the Stolen Woman Moon; the four types of abandonment; re-creating the inner mother, and much more.
