## **A Textbook of Theosophy** Charles Webster Leadbeater

Theosophy is an esoteric course of study that resides at the crossroads of philosophy, religion, and science. This expository work, by renowned spiritual adept Charles W. Leadbeater and first published in 1912, is a succinct, practical description of the movement, which is, at its base, a study of Truth. Leadbeater, having been thoroughly educated within a number of schools of religious thought, is a uniquely qualified guide who leads the reader through the challenging field of Theosophy, with but one goal in mind: To serve humanity by showing all students the way to be one with the divine energy of God. English clergyman turned spiritualist CHARLES WEBSTER LEADBEATER (1854-1934) was ordained as an Anglican priest, but later joined the prominent Theosophical Society and traveled to India to study alternative spiritual and occult practices, eventually settling into his life as a clairvoyant and author. His other works include *Man Visible and Invisible* and *The Science of the Sacrament*.
