**For a moment, just imagine that you were one of this man's clients because it will shock you.** This macabre and sexually charged book will make you think long and hard about hypnotic therapies. When Jacob Avebury, a hypnotherapist, started to burn out from the stories he heard from his abused and beaten clients he was driven to seek brutal revenge for them. To make matters even worse, he thought that his pleasure in abusing his female clients was part of his own self-help. "You're back in the room" were words he used on stage. However, "You will revenge" were words he used in private. **A VERY BRIEF SYNOPSIS.** He was a failed salesman who became a Stage Hypnotist and then invented himself as a Hypnotherapist in a nice office in Harley Street. He became mentally swamped by the recollections of the hurt, pain and anguish from his clients. He made his clients become the vehicles for their own revenge on the people who had abused them. These included child molesters in high political office, drug dealers, wife beaters and people traffickers. He used hypnosis, hypnotism and hypnotic suggestion to dispose of them as his own troubled history became exposed as he burnt out. This hypnotherapist thought avenging his clients was part of their healing. In these days of reports about sexual abuse by some politicians, businessmen and people traffickers, **this is a book based on real possibilities. Just imagine what you would do...**
