**The Handbook of Forensic Psychology** Irving B. Weiner, Randy K. Otto  
**A revised new edition of one of the top references for forensic psychologists**

This top professional and academic reference in forensic psychology is an established presence as both a professional reference and graduate text. This *Fourth Edition* is completely revised and updated for the new and rapidly growing demands of the field to reflect the new tools available to, and functions required of, present-day practitioners. The new edition expands coverage of neuropsychological assessment, eyewitness testimony, ad jury competence and decision-making, including selection, process and authority. In addition, the new ethics guidelines approved by the American Psychological Association (APA) are included and interpreted.

- Updated to include reframed content and the introduction of new chapter topics and authors
- Ideal for professional forensic psychologists and graduate students
- Written by experts in the field, a clinical professor of psychiatry and an associate professor of mental health policy
