*Joan Hoff*

**Law, Gender, and Injustice: A Legal History of U.S. Women (Feminist Crosscurrents)** Joan Hoff

In this widely acclaimed landmark study, Joan Hoff illustrates how women remain second-class citizens under the current legal system and questions whether the continued pursuit of equality based on a one-size-fits-all vision of traditional individual rights is really what will most improve conditions for women in America as they prepare for the twenty-first century. Concluding that equality based on liberal male ideology is no longer an adequate framework for improving women's legal status, Hoff's highly original and incisive volume calls for a demystification of legal doctrine and a reinterpretation of legal texts (including the Constitution) to create a feminist jurisprudence.
