**Nuclear Medicine Technology** Karen Ramer, Abass Alavi

This book prepares students and technologists for registry examinations in nuclear medicine technology by providing practice questions and answers and a mock registry exam. The questions test both subject comprehension of material and practical applications. The topics covered closely follow the content specifications for the exam given by the American Registry of Radiologic Technologist and the components of preparedness published by the Nuclear Medicine Technology Certification Board. Figure-related questions, similar to those on current registry examinations, are provided. Also included are up-to-date questions and answers regarding NRC regulations.
