Brooklyn Spaces: 50 Hubs of Culture and Creativity Oriana Leckert
As an incubator of culture and creativity, Brooklyn is celebrated and imitated across the world. The settings for much of its dynamic underground scene are the numerous industrial spaces that were vacated as manufacturing dwindled across the huge borough. Adapted, hacked, and reused, these spaces host an eclectic range of activities by and for Brooklyn's unique creative class, from DIY music venues to skillsharing centers. These are spaces to make art together, throw parties and concerts, host classes and performances, grow vegetables, build innovative products, and, most importantly, to support and inspire one another while welcoming more and more collaborators into the fold.

In *Brooklyn Spaces: 50 Hubs of Culture and Creativity*, Oriana Leckert introduces us to the creators driving Brooklyn's cultural renaissance, and in their company takes us on a tour of these unique alternative spaces. Whether a graffiti art show in an abandoned power station, a circus school in a former ice house, or a shuffleboard club in a disused die-cutting factory, these spaces present a vibrant cross-section of life in the borough where trends in music, fashion, food, and lifestyle are set. A chronicle of a thriving and ever-renewing scene, this book will appeal to everyone who's interested in the unique energy that makes Brooklyn Brooklyn.
