Goles y banderas. Fútbol e identidades nacionales en España (Estudios) (Spanish Edition) Alejandro Quiroga Fernández de Soto

El fútbol es el deporte más popular del planeta y un mecanismo universal de creación de identidades colectivas. Este libro analiza el uso del balompié para producir, moldear y promover identidades nacionales en España desde principios del siglo XX hasta nuestros días. En estas páginas se estudia cómo se han fomentado distintos relatos y estereotipos nacionales españoles, catalanes y vascos, a través del fútbol. Se muestra la naturaleza cambiante y artificial de la mitología nacionalista y se destapan los intereses que, a menudo, se esconden tras la propagación de narrativas patrióticas. De la España de la furia y el eterno fracaso a la Roja campeona de todo en un país profundamente deteriorado por la crisis económica y las tensiones territoriales, la obra descubre cómo los cambios sociopolíticos han ido moldeando unas narrativas futbolísticas que refuerzan las identidades nacionales en un mundo cada vez más globalizado.
