Library and Information Science Trends and Research: 0 (Library & Information Science) Amanda Spink, Diljit Singh

This book brings together chapters that present a range of chapters about the trends in education and research in the field of library and information science (LIS) in the Asia-Oceania region of the world. Why a book about LIS in the Asia-Oceania region? One key reason for a book on the topic is the huge growth of the field in terms of students and schools particularly in Asia. Information behaviour, and libraries and information services are often embedded within an individual
