"Achingly wise . . . Admirers of Marilynne Robinson will find themselves very much at home in this book." —Wall Street Journal

Jessica Speight, an anthropologist in 1960s London, is at the beginning of a promising academic career when an affair leaves her a single mother. Anna is delightful—a pure gold baby. But as it becomes clear that Anna is not a normal child, the book circles questions of responsibility, potential, even age, with Margaret Drabble's characteristic intelligence and wit. Told from the point of view of Jess's fellow mothers, *The Pure Gold Baby* is a movingly intimate look at the unexpected transformations at the heart of motherhood.
